FIGHT ON

AAPP-USC

American Association of Psychiatric Pharmacists

MISSION STATEMENT

To expose student pharmacists to the field of psychiatric pharmacy, provide mental health education and outreach services, and prepare our members to serve those struggling with mental health and/or substance use disorder.

ABOUT US

AAPP-USC is one of many national student chapters. This national organization emphasizes mental health outreach and improving understanding of mental illnesses and their treatment options. Joining this organization will expose pharmacy students to the field of psychiatric pharmacy, provide networking opportunities, and allow students to gain real-life skills training in preparation for their future.

Alpha Iota Pi

Professional Pharmacy Society

About Us

Founded in 1951, Alpha Iota Pi is a co-ed professional pharmacy society exclusive to the USC Mann School of Pharmacy. We promote unity and family values among our members, not only as students, but also as healthcare professionals. In expanding the pharmacist's role in the healthcare field, Alpha Iota Pi has outreach and advocacy projects that target wellness and disease management for the destitute population, as well as populations with limited to no healthcare access. With such focus, our professional and social events foster collaboration and excellence while promoting advocacy and growth for the pharmacy profession.

Mission

Alpha Iota Pi strives to help members overcome obstacles through unity and friendship, so that they can become successful and prominent in the field of pharmacy. Our organization focuses on advancing professional development and community impact using our strong foundation of leadership in the academic and professional pharmacy community.

Events

Health Fairs: We provide free health screenings to local communities with the help of our dedicated students and alumni.

Alumni Networking: We invite esteemed alumni and provide extensive networking opportunities.

Philanthropy Events: We volunteer for social and charitable causes to support the disadvantaged populations.

ABOUT US

AMCP is a national professional association of students and pharmacists dedicated to increasing patient access to affordable medications, improving health outcomes, ensuring the wise use of health care dollars in all fields of pharmacy.

OUR MISSION

AMCP's mission is to empower its members to serve society by using sound medication management principles and strategies to improve health care for all. We aim to anticipate and serve the needs of our members in the provision of high-quality health care by embracing the following four core values: credibility, transparency, collaboration, and innovation.

American Pharmacy Student Alliance

As the **largest organization** at USC Mann, APSA offers a variety of benefits to its members, such as **leadership opportunities, patient care projects, conference scholarships, professional/legislative involvement**, and much more!

Our Mission

To provide opportunities and empower students to develop the person, the passion, and the profession.

What is APSA?

APSA is a professional pharmacy organization at the USC Mann School of Pharmacy and Pharmaceutical Sciences. APSA is a student **alliance** between five independent professional organizations: **APhA, ASHP, CPhA, CSHP, and IPSF**. Our vision is to develop student pharmacists into future leaders so that they will advocate, unite, and advance the profession of pharmacy.

American Society of Consultant Pharmacists USC Chapter (ASCP-USC)

American Society of Consultant Pharmacists

Empowering future pharmacists to improve care for older adults

Mission Statement

The mission of the ASCP-USC Student Chapter is to empower students to enhance the health and well-being of older adults through pharmacy practice, advocacy, and education. We aim to prepare future pharmacists to be leaders in the care of the aging population.

About Us

The American Society of Consultant Pharmacists (ASCP) Student Chapter is a professional student organization dedicated to advancing the practice of senior care pharmacy. We provide educational workshops, networking opportunities, clinical skill-building activities, and community outreach events focused on geriatric care. Our chapter connects students with experienced pharmacists and offers pathways to specialize in a growing and impactful field.

Whether you're passionate about geriatrics or simply exploring your career options, ASCP provides a supportive community to help you grow professionally and personally.

ABOUT US: The USC Mann Associated Student Pharmacists (ASP) is the official student government representing all PharmD students at the USC Alfred E. Mann School of Pharmacy and Pharmaceutical Sciences. As the umbrella organization for the PharmD program within the Graduate and Professional Student Senate (GPSS), ASP advocates for student interests, fosters engagement, and supports the academic and professional success of the student body.

All full-time PharmD students are automatically voting members of ASP.

MISSION: To enrich the academic, professional, and social experiences of USC Mann PharmD students by planning and funding meaningful programs and events, supporting student initiatives, and coordinating activities across all student organizations to foster a collaborative and engaged school community.

and more!

Our Mission

We aim to build a community where students can gain valuable cultural knowledge and a global perspective to help them better serve the mandarin-speaking population.

About Us

ChAPSA is a cultural organization founded to create a community of students looking to be a part of and serve the mandarin-speaking population. Through professional events such as health fairs, brown bag events, traditional Chinese medicine workshops, and Chinese medical terminology lessons, we aim to help students craft the skills to help this growing demographic. Alongside those, ChAPSA organizes unique social events for students to have fun and bond with their peers while experiencing Chinese culture.

DIGITAL HEALTH & INFORMATICS

EDUCATE. INNOVATE. CREATE.

MISSION & ABOUT US

DHI is dedicated to establishing a sustainable organization that enables students to develop practical skills essential for pharmacy careers such as digital health and informatics. Our aim is to promote digital and health literacy within the dynamic pharmacy landscape.

EVENTS & OPPORTUNITIES

Advocate and support the growth and innovation of health professionals within USC Mann students through DHI to ensure marginalized communities can participate in the growing area of health informatics! Opportunities include mentorships, project development/management, and exclusive internships.

STAY CONNECTED!

Medical and Pharmacy Student Collaboration

Mission Statement:

The goal of MAPSC is to promote the value of **interdisciplinary care** and to raise awareness about the different health professions on the USC Health Sciences Campus through education and clinical practice.

MAPSC is the first organization on campus that **bridges the gap between pharmacy and other health professional schools**. Students work closely together towards a common goal through a unique experience of volunteering at the **USC Mann Student-Run Clinic**, where pharmacy students will work in a team that includes other students from the **Medicine, Occupational Therapy, and Physician Assistant** programs.

PharmSC Clinic

Mission Statement:

To create a collaborative effort among practicing pharmacists and student pharmacists to serve the pharmacy clinical needs of the surrounding underserved populations in Los Angeles and to provide health education of the general public.

About Us:

PharmSC Clinic is a student-run clinic located in Boyle Heights that provides free screenings for diabetes, cholesterol, hypertension, and body fat analysis to the local community. Student volunteers at the clinic have the unique opportunity to interactively apply their clinical knowledge as they screen and counsel patients under supervision. Outside the clinic, PharmSC organizes community outreach events, provides health education and professional development resources, and leads a strong leadership program for first-year student pharmacists.

PHI LAMBDA SIGMA

The purpose of Phi Lambda Sigma is to **promote leadership qualities**, especially among student pharmacists. The Society encourages participation in all pharmacy activities and, because membership does not cross fraternal or organizational lines, the Society does not compete with other pharmacy organizations. Phi Lambda Sigma honors leadership, selecting members through peer and faculty recognition. Such recognition instills and enhances self-confidence, encourages less active students to become involved, and promotes greater effort toward the advancement of pharmacy.

RHO CHI SOCIETY

THETA CHAPTER

ABOUT US

The **Rho Chi Society** is a national **academic honor society in pharmacy** that promotes the advancement of pharmaceutical sciences through the encouragement and recognition of academic excellence. Students are selected for membership after completing the first three semesters of the professional curriculum, with invitations limited to the **top 20% of the class**.

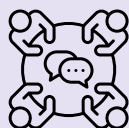

OUR MISSION

The Rho Chi Society, pharmacy's academic honor society, encourages and recognizes excellence in intellectual achievement and fosters fellowship among its members. Furthermore, the Society promotes high standards of conduct and character and advocates for critical inquiry in all aspects of pharmacy.

Mission Statement

The Vietnamese-American Pharmacy Student Association is foremost committed to providing health services to the community in conjunction with promoting the pharmacy profession.

About Us

VAPSA was established in December of 2001. In the past several years, we have grown into a recognized service organization while simultaneously promoting the pharmacy profession and Vietnamese culture. VAPSA has won the USC School of Pharmacy's Project of the Year Award for five years in 2005, 2006, 2007, 2010, and 2014. Such accomplishments have helped to secure VAPSA's position among the leading service organizations on campus
